

## TELEGRAPHIC SUMMARY.

LONDON, Sept. 27.—The following is given as the probable programme of Thiers at St. Petersburg: Constantinople and the road to India are to be guaranteed to Russia; Belgium and Egypt are to be guaranteed to France; Alsace and part of Lorraine and the road to Vienna are to be guaranteed to Prussia; that is, England, Turkey, Austria and Belgium are to be the innocent victims of peace.

LONDON, Sept. 27.—A deputation of working men visited Gladstone, and urged mediation between Germany and France.

DENVER, Sept. 27.—The completion of the Central Railroad, from here to Golden City, was celebrated at the latter place by the driving of gold and silver spikes. Four thousand persons were present.

BERLIN, Sept. 27.—A breach has been made at Strasburg broad enough to warrant an assault.

The *Official Gazette* says that whatever may be the German plans, the restoration of the Bonapartes is not among them.

Captain Johnston, a bearer of dispatches for the British Government, was roughly handled by the Prussians, near Paris, and subsequently treated quite as badly by the French, under the impression that, being an Englishman, he must be a spy.

It is also asserted that Napoleon has sent an envoy to Metz, to consult with Bazaine about peace.

This news is suppressed in Berlin as far as possible.

RICHMOND, Sept. 27.—The Republican Convention in the Fourth District nominated Wm. H. Stowell for Congress.

In the Fifth District, Judge Alexander Rives, of Albemarle county, was nominated for Congress.

Reports thicken that Russia is preparing for war. The army at the South is mobilized and is moving towards the Turkish border.

The Duke of Wurtemberg was wounded at St. Cloud.

WASHINGTON, Sept. 28.—Pending the quarantine regulations at Galveston, letters for that place, or points in Texas supplied from there, should be sent via New York. From the eastern and middle States, via St. Louis. From the northwest the Southern mail goes as usual via New Orleans, thence via Red River.

The Secretary of the Navy has given orders for the proper celebration of these obsequies on the 30th of December. The Departments here will be closed.

RICHMOND, Sept. 28.—A. G. Green, Republican, was today elected State Senator from Petersburg district by two hundred and fifty over Colonel William Cameron, being a Republican loss of nearly three hundred.

JACKSON, Sept. 28.—F. E. Franklin, Speaker of the House of Representatives of Mississippi, died today near this city of a disease of the liver. He was an officer in the Federal Army from Ohio, and has resided in this State for the past three years.

LONDON, Sept. 29.—The *Moscow Gazette* says that Russia loses her power because France is no longer a counterpoise to Prussia, who can now assail her neighbors with impunity.

A correspondent writes from Hamburg, on the 27th, that 80,000 reserves have passed through Frankfurt this week to reinforce the army in France.

The garrison of Strasburg has been removed to Rosdadt, Baden. The Prussians formally occupied the city today.

WASHINGTON, Sept. 29.—The Consul to Geneva writes to the Department of State, September 11th, stating that the papers of that city relate an accident to three travelers and eight guides, and the parties accompanying them, by which all were lost on the 6th or 7th inst., in ascending or descending Mont Blanc. Two of the Americans named Dr. James B. Bean, of Baltimore, in some way connected with the Smithsonian Institute, and John C. Randall, Quincy, of Massachusetts. The latter had heretofore made the ascension of Mont Blanc, and made his will the night before leaving. No doubt exists that the death of the whole party was caused either by a hurricane or avalanche.

TORONTO, Sept. 29.—The Prefects of several adjacent departments have met to organize further means of defense.

Organization is progressing very rapidly. Companies of thirty men are being received by the Government, and allowed to select their own officers. These will act independently of regular troops if circumstances demand. The term of enlistment is for the continuation of the war.

Another corps is organizing which will carry the black flag. They announce that they will neither give or ask quarters.

New York, Sept. 29.—A London special to the *Telegraph* says that a dispatch has been received from Mündelsheim, dated yesterday, stating that Strasburg surrendered only when the helpless condition of the place rendered it almost untenable. A heart-rending fever prevailed in the city, and its victims seemed almost numberless. The inhabitants of the city were famishing, and the dead and dying lying in heaps in the streets. This state of things decided Chirch to capitulate. As the Prussians entered the city, he shed tears and exclaimed: "I feel non domino!"

JACKSON, Sept. 29.—Thomas P. Conner, a member of the Mississippi Legislature, was shot and killed today, by a man named Collins, at Weona. The difficulty grew out of the recent assassination of a man named Arnold Brantly. Collins has not been arrested.

LONDON, Sept. 30.—In the "Captain" disaster investigation, a letter was read showing that the captain was dissatisfied because his views were modified in building the *Montezuma*. He received a *surprise* in regard to "Captain."

DENVER, Sept. 30.—The *Colorado Gazette* today publishes news from several correspondents on the question of terms of peace. The writers, while admitting that the prevailing tongue in Alsace is German, deny the editor's statement that the same is true of Lorraine. One who passed a great part of his life in that Province says the German element is hardly perceptible, and the language is only spoken in the belt adjoining the frontier.

TORONTO, Sept. 30.—The report is reiterated that Gen. Beauregard, late of the Confederate army, is in the French service. It is stated that he first accepted a Colonel's commission, but that he was since appointed General, and is now organizing troops in the south of France.

TORONTO, Sept. 30.—The French say the Prussian losses since the commencement of the war, and especially since the investment of Paris, have been so enormous that the Germans take care to conceal the facts. The Capitol has been moved to Poitiers.

The *Whig and Register* of yesterday copies an article published in the *Union and American* on the authority of the *Pennsylvania*, which the *Whig and Register* says was Forney's paper, to show that Mr. Maynard was in favor of disunion. The information as to the paper in question being Forney's is news to us.

OUR neighbors are very solicitous concerning Mr. Maynard's chances for success. They do not want him to go outside of his district to speak. We have only to say in reply that since Blizard has taken the stump Maynard's friends are satisfied of success.

THE *Cleveland Banner* says "all the knowing Radicals in this end of the district concede the election of Blizard by a large majority." Will the *Banner* please give the names of a few "knowing Radicals" who make such a concession? Come, Bob, give us the names.

BLIZARD has some very warm friends, but they, one and all, admit that he did a very contemptible and weak thing when he raised the carpet-bag question on Maynard. It was about as cool a thing as the effort of "the organ," run by two "interlopers," to raise the same question on the CHRONICLE. Little ideas always lodge in such little brains.

SOME time ago the whole country was shocked by the details of a cowardly murder committed in Jackson, Mississippi, by E. M. Yerger, on the person of Col. Crane. The Grand Jury now fails to indict Yerger, for the reason, no doubt, that he was one of the Southern chivalry, and Col. Crane was a "Yankee," and had served in the Federal army.

THE New York Democratic thieves who went to the State Convention at Rochester, stealing everything they could get hold of at the stations, robbed the passengers on the train on the return to New York, and 35 of the worst of them were arrested, most of them being officials in the city! The judge before whom they were brought Friday, being a bird of the same feather, discharged them.

THE Congressional canvass in the Nashville District is warmly contested by six gentlemen, all of the Democratic faith and order. They have a list of appointments, at which they will hold joint discussions. These appointments extend to the 19th day of October, after which a convention will be held which will "settle the hash" with five of them. A military man will get the nomination.

THE military editor of the *Sweetwater Enterprise* wants to scare somebody. He says naughty words and displays a bad temper. We are not familiar with the dialect of bullies, and therefore cannot reply in the spirit of his squibs. We shall take occasion when it suits us to refer to the war record of this editor, and if he is not satisfied with our course he can have his own remedy. Don't shoot!

THE surrender of the garrison at Toul took place on the 13th. The forces in the city were very light, consisting of 60 cuirassiers, 100 of the line, 40 gens d'armes and 2,000 raw mobiles. The commander was Major Huek, an old cavalry man. The capture of the place gives the German army about Paris undisturbed communications with the Rhine. Through trains are now running carrying immense supplies and materials of war.

DEMOCRATIC politicians and newspapers all over the country have been troubling their brains to discover the reason why Vice-President Colfax is going to retire from public life. Some have given one reason and some another, but the astute gentleman who contributes editorials to the *Press and Herald* sets the matter at rest by giving the reason, which is that he "sees the tempest of free trade rising rapidly, and he does not wish to risk the smashing of his bark." Ah, indeed! Just as clear as "mud." How strange that it was not sooner understood!

THE Democratic papers of the country are very indignant that the accession element of the party in Tennessee disclosed the real spirit and purposes of the organization. In other words, they are provoked because some of the bolder and more indiscreet party men have told the truth. The old adage that children and fools tell the truth, does not apply in this case, for here we have the truth disclosed by a regular party convention and recognized party. The bulk of the Tennessee Democracy is of the Confederate persuasion, and the real leaders in the party are very properly in sympathy with them.

We invite every reasonable man in the State, to compare the platform adopted by the Democracy on the 13th, with the statement of principles adopted by the Republican Convention on the 23d. The first is vague, and so far as the matter contained is concerned, says nothing about State affairs. The latter is a frank, explicit statement, which may be comprehended at a glance, by a school boy. Our platform deals with questions affecting the interests of our own State, and if the principles therein enunciated were followed out, we would soon see a different state of affairs.

THERE are thirty thousand Conservative Union men in Tennessee who are disgusted with the aggressive spirit of the new secession element of the Democracy, who will not support the party ticket. If the *Memphis Appeal* and *Nashville Banner* think Andrew Johnson and the Union men who restored them to power are to be kicked about by the military gentlemen who made up the late convention they are much mistaken. They are not now to be hewers of wood and drawers of water for men who would still be loaded with disabilities, if Johnson had not pardoned them. The very men spurning Johnson to-day are carrying about in their pockets his pardons, through which their political crimes were wiped out.

NAPOLEON III. has had a number of his horses sold in London. Having lost the part of "the man on horseback," he has no further need for a steed—Arab, American, or any kind.

## Proposals for Building Material.

OFFICE OF SUPERINTENDENT U. S. C. H. and P. O., KNOXVILLE, TENN., Sept. 27, 1870.  
Sealed proposals will be received until M. of the first day of November, 1870, at the office of the undersigned for furnishing and delivering on the site of the proposed new Court House and Post Office building at Knoxville, Tennessee, four hundred and fifty (450) cubic yards, more or less, rubble stone.  
Any species of stone, granite or limestone, granite or sandstone may be submitted, but it must be of a kind that has been tried and found durable. It must have a good bed, be thoroughly sound, split readily with the hammer, and make a square fracture transversely. No stone containing less than two cubic feet will be accepted, and one-quarter of the amount will be through or bond stone of the width of the walls, viz: Three feet four inches, and two feet six inches in length, and not less than eight inches thick. About equal quantities of each dimension will be required.  
Also, 1,000 cubic feet, more or less, of granite footings—no stone to contain less than six cubic feet—one-fourth (1/4) of the granite to be one foot six inches thick by five feet three inches long and one-eighth (1/8) to be one foot six inches deep by four feet six inches long.  
Also, four hundred and fifty cubic yards, more or less, of hard, durable stone broken to the size of men's eggs for concrete.  
Also, five hundred (500) barrels, more or less, of the best Portland Cement, or other cement, equal in quality thereto—each barrel to contain not less than 100 lbs. of cement.  
Also, six hundred (600) cubic yards, more or less, of a strip building for the rubble, concrete stone and sand by the cubic yard; for the granite footings by the cubic foot; for the brick, by the thousand, and for the cement and lime, by the barrel.  
The Department reserves the right to reject any, or all of the bids, if it be deemed for the interest of the Government to do so, and any bid that does not conform in every respect to the requirements of this advertisement will not be considered.  
Forms of proposals may be procured on application to this office.  
All proposals will require to be made on the printed form and be accompanied by the bond of two responsible persons in the sum of three thousand dollars that the bidder will accept and perform the contract if awarded to him.  
The bond must be approved by the U. S. District Judge, or Clerk of the U. S. Court of the District in which the bidder resides.  
Payments will be made monthly upon the estimate of the Superintendent, deducting ten (10) per cent. until the final completion of the contract.  
Proposals must be enclosed in a sealed envelope addressed to the Superintendent and endorsed, "Proposals for the rubble stone, concrete stone, granite footings, sand, lime, or cement," as the case may be.  
MILTON S. WILDS, Sup't.

Original Attachment  
IN THE CIRCUIT COURT OF KNOX COUNTY,  
TENNESSEE.  
Cowan, McClung & Co. vs. Thomas Steele.  
IN THIS CAUSE IT APPEARING FROM THE  
affidavit of F. H. McGinnis, one of the plaintiffs,  
and the defendant, Thomas Steele, is a resident of  
the State of Tennessee, and that the attachment in  
this case has been returned by the Sheriff of Knox  
County, leveled upon the property of the defendant, it  
is therefore ordered by the Clerk that publication be  
made for four successive weeks in the *Knoxville  
Chronicle*, a newspaper published in the city of Knoxville,  
Tennessee, commanding the said defendant,  
Thomas Steele, to appear at the next term of the Circuit  
Court for Knox County, to be held at the court house  
in Knoxville, on the first Monday of October  
next, and make defense to the suit and demand of the  
plaintiff, or the same will be taken as confessed by  
him, and the case proceeded with ex parte.  
E. W. ADKINS, Clerk.

## Sickness, Pain and Death

Legitimately result as penalties for violations of natural  
laws, from which none can escape.

The faded cheek, the pale and wan features, the dull  
eye, the clouded intellect, the deep heaving sigh, the tot-  
tering gait, all indicate previous transgression of law.  
Knowing that "procreation is the bid of time," all  
intelligent beings apply for some remedy as soon as cir-  
cumstances permit; while those who do not act upon the  
principle that "delays are dangerous," generally linger,  
lose more time and pay more money.

Thousands of mothers and daughters, in all stations  
and conditions of life, are suffering, lingering and dy-  
ing from the effects of some dreaded and dreadful

## Female Complaint,

That claims its victims throughout the length and  
breadth of our land.

Many females suffer in some way at each monthly pe-  
riod; some girls are in great peril at the commencement  
of menstruation, while older ones dread its decline at  
the "turn of life." Sometimes the menstrual flow is too  
much, or too little, or may be attended with pain; may  
be irregular or entirely checked, or changed in appear-  
ance, attended with other distressing symptoms, Leu-  
corrhoea, or the "Whites," frequently drains the sys-  
tem, or alteration of the womb may create pain and  
cause rapid prostration.

Falling of the womb is an exceedingly common com-  
plaint, giving much trouble and distress, which, under  
ordinary treatment, is difficult to cure.

Hysterics, Green Sickness, Irritability of the Womb,  
and other serious and fatal complaints follow the female  
sex throughout life. Lives there a medical gentleman  
who has or can relieve the fair sex of the above trou-  
bles? Not many. Is there no combination of reme-  
dial agents that will come to her rescue? We answer,  
Yes.

## English Female Bitters.

The only acknowledged Uterine Tonic and Female Regu-  
lator will cure the most complicated cases above  
mentioned in an incredibly short time. The Bitters at  
once arouses, strengthens and restores the womb to its  
natural condition, removing obstructions, relieving  
pain and regulating the monthly period. You will  
stand a pale, feeble and languid girl, just bursting in-  
to womanhood; she is the pride of all, but hark! she  
silently steals a pickle, eats chalk, or a slate pencil; she  
loses her appetite for food; she turns with a dull eye and  
sallow complexion; her eyes no longer sparkle, her merry laugh  
is no longer heard ringing through the air; she mopes  
about with bloodless lips and gums, with headache,  
palpitation, constipation, swelling of the head, cold  
feet and hands, melancholy; she has a coated tongue,  
offensive breath, and a host of other evils too numerous  
to mention.

When neglected all these symptoms become aggrava-  
ted, there is sick stomach, heartburn, a dark line set-  
tles under the eyes, the legs and ankles are swollen, the  
hair loses its gloss and falls out; there is brittleness and  
splitting of the finger-nails, swollen abdomen, extreme  
nervousness, fretfulness, pains and aches, dry cough,  
hysterical fits, rapid prostration, epilepsy and death! If  
you, or any of your friends, are thus afflicted, send at  
once for a Bottle of English Female Bitters and be  
cured. Its effects are marvellous in such complaints.  
Surely no mother will postpone and delay this duty  
until

## Death is at the Door.

In all these complaints the system evidently shows a  
want of red blood, and Mr. Churchill, in his work on  
Diseases of Females, says: "Bearing in mind that the  
blood is remarkably deficient in red corpuscles, and the  
known property of iron to correct this condition, these  
sufferers it is the most to be relied on, the best of which  
is the Citrate." Citrate of Iron enters largely into the  
composition of English Female Bitters, combined with  
powerful vegetable tonic of rare quality.

Among the mountains of Tennessee and the piney  
woods of Mississippi, is found a certain hard and flinty  
root, which has been in secret use by some old mid-  
wives for many years, possessing magic powers in regu-  
lating and restoring all females suffering with any af-  
fection of the womb. This root we have obtained, gave  
it a fair test in our practice, and it is now one of the  
principal ingredients in these Bitters. Other roots, as-  
terine and general tonics also enter into its composi-  
tion. We also add Leptandra or Black root, sufficient  
to act upon the liver and keep the bowels open.

## Blooming Young Girls,

Middle-aged matrons, those at the critical period, and  
the aged grandmother, are all cured by the use of our  
English Female Bitters, prescribed and used by  
physicians all over the country.

If you are troubled with Falling of the Womb, at-  
tended with a sense of weight and bearing down pain  
in the back and side, and other distressing evils, English  
Female Bitters will give entire relief.

Those at the "turn of life," mothers after confine-  
ment, and all others (male or female) who are convales-  
cing from any protracted or debilitating complaint,  
who gain strength slowly, and whose digestion is slow  
and imperfect, will find these Bitters the very thing  
their system demands. It gives a powerful appetite,  
aids in the digestion, restores the liver, strengthens  
mentally and physically, and fills the whole system  
with pure crimson blood coursing through its channels.

## Common Grogshop Bitters

Empty bitter bottles, of various styles, can be found  
about almost every dwelling and cabin throughout  
the land. Their taste is pleasant, and are advertised to  
cure almost every disease, while the manufacturers  
know they possess no medicinal properties whatever.  
They are so many disguises for exceedingly common  
poison, which do not, nor cannot, possibly cure any  
one.
